

AGED EVENT PROGRAM

The American Stock Horse Association developed an Aged Event Program consisting of 3 Divisions, with emphasis on competing in all 4 classes over 3 years. WSSH is starting an Aged Event competition in 2025. The 4-year old horses will compete in the first Futurity. In 2026 and 2027, the first Futurity horses will continue on to the Derby and then the Maturity. In 2027, the horse with the highest composite score from all 3 aged events will be crowned the first WSSH Triple Crown Aged Event Champion.

DIVISIONS

- 4-Year Old Futurity
- 5-Year Old Derby
- 6-Year Old Maturity

CLASSES

- Stock Horse Pleasure
- Stock Horse Trail
- Stock Horse Reining
- Stock Horse Working Cow Horse

Continuing to drive the Mission of ASHA, the Aged Events Program is designed to promote the Versatile Stock Horse. This All-Around or versatile concept ensures longevity in the American Stock Horse. With each year to follow, WSSH will continue to offer the Futurity, Derby, and Maturity to those eligible.

Each Division will be considered a special event, to be held yearly at a time and place chosen by WSSH. All-Around awards will be based on the one horse/one rider team showing in all 4 classes. The riders may change from year to year.

Payouts will follow the payback schedule as outlined in the ASHA Handbook. WSSH will track the cumulative composite score, by horse only, over the three years as the horse progresses through the 3 divisions.
